

WASHINGTON ORGANICS LAW

You May Be Impacted

As of January 1, 2026, businesses in Federal Way are required to compost food scraps per Washington State Law HB1799.

Businesses with more than 96 gallons of food waste weekly must set up compost collection service.

The City of Federal Way Can Help!

The City of Federal Way Environmental Services has programs to help businesses comply with this law.

Supports include:

- Free kitchen composting containers (while supplies last)
- Compost, recycling, and waste sorting signage
- Free training with City staff
- Online resources on how to get started and support your staff
