

RE-OPENED THROUGH SEPTEMBER 1, 2023
Notice of Funds Available (NOFA)
Community Development Block Grant (CDBG)
Housing Repair Program and Minor Home Repair Program

The City of Federal Way will be seeking applications from non-profit and public agencies for projects that benefit Federal Way low- and moderate-income residents beginning on Friday, July 21, 2023. The primary focus of this funding is to keep Federal Way residents in their homes longer. The Housing Repair Program and Minor Home Repair Program use a portion of the Community Development Block Grant (CDBG) funds.

Proposed projects must be eligible for CDBG funds appropriated to Federal Way under the Housing and Community Development Act of 1974, as amended. Projects must serve Federal Way residents that qualify as presumed benefit or qualify as low- and moderate-income. Housing Repair Program and Minor Home Repair Program are two separate programs that use the same online application. The Housing Repair Program offers financial assistance to low- to moderate-income homeowners that are deemed urgent and necessary to ensure the immediate health and/or safety of the residents.

The Minor Home Repair Program offers financial assistance to older adults who are low- to moderate-income homeowners for projects that are smaller in scope and often do not qualify under the Housing Repair Program, which is intended to provide more major repairs such as roof replacement. For Minor Home Repair, the program may use presumed benefit, reducing administrative requirements. For more details about Programs please see NOFA.

Who can apply? Qualifying nonprofit organizations and public agencies serving Federal Way residents who are presumed benefit or qualify as low- and moderate-income. All applicants must be eligible to receive federal funding and must be registered in the System for Award Management at <https://sam.gov>.
