Landmark at Celebration Park

Statement of Architectural Design Intent

The design intent encourages a close-knit community that is integrated with its surrounding environment. The development will be high density and pedestrian-orientated and will promote the zones intent of Community Business.

Due to its proximity to Pacific Hwy S., the ability to walk to an array of commercial uses and the accessibility of multiple bus lines will provide the residents with convenience and lessen automobile dependency. The on-site recreational opportunities and its location to athletic fields and BPA trails provide residents the opportunity to sustain an active and social lifestyle.
