We congratulate the **Federal Way Police officers** who received promotions at our **City Council meeting on July 5**.

Chief Andy Hwang promoted **Lieutenant Thaddeus Hodge** to Commander and appointed **Jae An, Ricardo Cuellar, Hilary Mariani, and Eric Reyna** to Corporal.

"These individuals have constantly demonstrated strong work ethic and principal leadership," said Chief Hwang. "They embody the core values of our agency and are certainly deserving of this recognition."

The City praises these individuals for their outstanding service and dedication to ensuring the safety of our community.

Commander Thaddeus Hodge has over 26 years of law enforcement experience and joined our agency in 1997.

Federal Way Mayor Jim Ferrell administered the Oath of Office to the recently promoted officers on July 5.

City Council appointed Paul McDaniel as the newest member to fill the vacant Position 2 seat during a special meeting at the Council Chambers on June 26.

WELCOMING OUR NEW CITY COUNCIL MEMBER

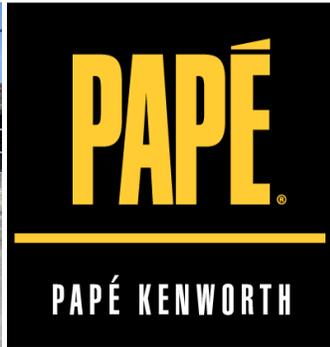

There was a memorable moment after **Federal Way Municipal Court Judge David Larson** ceremonially swore in newly appointed **Councilmember Paul McDaniel** during the City Council meeting on July 5.

"I did not know he applied for the City Council position until he texted Debbie, his aunt, to tell her that he got appointed, and that's when I found out. I'm Uncle Dave, and he's my nephew. I had nothing to do with this, so don't give me credit or don't give me blame," **Judge Larson said with a smile.**

Having fun with it, **Mayor Ferrell** said, "You're Uncle Dave to all of us, your honor."

MAYOR'S MEMO, A MUST-READ IN THE FEDERAL WAY MIRROR

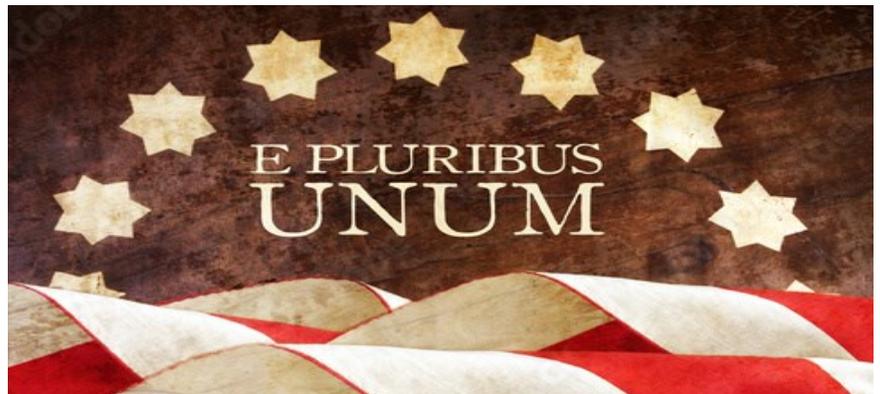

Mayor Ferrell recently returned from a family vacation in New York, where he took this fantastic picture of the **Statue of Liberty** – we framed it in his office at City Hall!

If you haven't already, we recommend looking at his **Mayor's Memo** about **E Pluribus Unum**, recently published in **The Federal Way Mirror**.

[Click here to read the article on page 3](#), which explores how **New York** and **Federal Way** share common traits as two of the most diverse cities in the United States.

FYPD FORMS PARTNERSHIP WITH KING COUNTY'S MOBILE CRISIS TEAM

The City is proud to announce our **Federal Way Police Department** has partnered with **King County's Mobile Crisis Team**, which provides in-person responses to anyone experiencing a behavioral health crisis.

They will be stationed at the police department and work with our officers to assist individuals in crisis and help devise a solution to their situation.

Mobile Crisis teams will be dispatched from the police department to help people in need, resulting in a faster response and the necessary assistance to move forward.

The Mobile Crisis Team may assist individuals with getting into a safe and supportive space, provide them with resources for shelter, meals, or medical services, connect them with a mental health provider, supply donated clothing, refer them to services, and possibly arrange transportation to the **Crisis Solutions Center** or another service provider.

COUNCIL'S CORNER

This month, Council's Corner will be spotlighting Deputy Mayor Susan Honda.

- **What made you want to get involved in City government?** *I was very involved in the schools, serving on the School Leadership teams, district committees, PTSA at the local, district, state & national levels. As my kids graduated, I knew I needed to find other ways to serve the community. I was a member of the Arts and Diversity Commissions, then served as Chair of both of those Commissions. It helped me to decide that becoming a Council Member was the best next step in serving our City.*
- **What is the most rewarding part of being part of City government?** *Helping people. I talk to anyone and everyone. I say hello to those I pass on the street. I love to help people. It's why I always wanted to be a nurse from the age of 5.*
- **What have you enjoyed most about being Deputy Mayor?** *Having my fellow Council Members support me for Deputy Mayor and Council President is something I am very grateful for. I work hard to make sure that the Council is doing the best we can and getting the information that we need to make decisions.*
- **What is your vision for Federal Way's future?** *My vision for Federal Way is that we are a safe place for all people to call home; that everyone feels safe and welcome. I would love to see downtown developed, where new and old businesses thrive and grow and where families live and play.*
- **What projects are you currently focused on?** *Projects that I am working on include the Downtown Committee and how we can create the downtown people expect, building a playground and park that is inclusive for people all ages and abilities, working with the staff to find a solution to Campus Drive and the 50-flagpoles that line the street. Trees need to be trimmed so that these flags can fly freely. We also have a great program for families and individuals that qualify for the utility tax rebate program. Over the last several years less and less people have applied for this program, so we are strategizing why that has happened and help encourage more applicants. A top priority is public safety and working on the issues that are facing our City.*
- **What makes Federal Way so special?** *Federal Way is special because of the people! Even when someone is upset with something, they are usually willing to have a conversation about what the issues are. Our Service Clubs do so much for the City and the community; people in Federal Way are so willing to help others!*
- **Where is your favorite place to go in Federal Way?** *My favorite places to go in Federal Way are the Rhododendron Garden and the Bonsai Museum.*
- **Which city park is your favorite?** *Steel Lake Park. I grew up learning how to swim there and playing with friends. It is a source of great and happy memories!*
