The City reserves the right to request documentation showing the authority of the individual signing the bid to execute contracts on behalf of anyone, or any entity, other than himself/herself. Refusal to provide such information upon request may cause the bid to be rejected as nonresponsive.

1-4 Bid Withdrawal Due to Error

Bids may not be withdrawn due to a claim of error in a bid unless written notice of such claim and supporting evidence for such claim including cost breakdown sheets are delivered to the City within forty-eight (48) hours prior to the opening of bids.

1-5 Modification of Bid

A modification of a bid already received will be considered only if the modification is received prior to the time announced for bid opening. All modifications shall be made in writing, executed and submitted in the same form and manner as the original bid.

1-6 Examination of Bid and Contract Documents – Bidder Responsibilities

The submission of a bid shall constitute an acknowledgment upon which the City may rely that the bidder has thoroughly examined and is familiar with the bid and contract documents and has reviewed and inspected all applicable federal, state and local statutes, regulations, ordinances and resolutions dealing with or related to the equipment and/or services to be provided herein. The failure or neglect of a bidder to examine such documents, statutes, regulations, ordinances or resolutions shall in no way relieve the bidder from any obligations with respect to the bidder's bid or the contract documents. No claim for additional compensation will be allowed which is based upon a lack of knowledge of any contract documents, statutes, regulations, ordinances or resolutions. Bidders shall visit delivery and service locations(s) as required. Bidders shall become familiar with and verify any environmental factors, which may impact current or future prices for this requirement.

1-7 Interpretation of Bid and Contract Documents

No oral interpretations will be made to any bidder as to the meaning of the bid or contract documents and no oral communications will be binding upon the City. Any questions concerning the description of the work contained in the contract documents must be directed to Gene Greenfield, Street Maintenance Supervisor, by email at gene.greenfield@cityoffederalway.com, or by letter addressed to Gene Greenfield, Street Maintenance Supervisor. The questions must be received by the City on or before noon on Thursday, December 17, 2020 to allow a written reply to reach all prospective Bidders before the submission of their bids. Any interpretation deemed necessary by the City will be in the form of an addendum to the bid documents and when issued will be sent as promptly as is practical to all parties to whom the bid documents have been issued. All such addenda shall become part of the bid.

1-8 Addenda

Each bid shall include acknowledgment of receipt and review of all addenda issued during the bidding period on the Bid Form.

1-9 Bid Price

The bid price shall include everything necessary for the completion of the contract including, but not limited to, furnishing all materials, equipment, tools, freight charges, facilities and all management, superintendence, labor and service, except as may be provided otherwise in the contract documents. **All Washington State sales tax and all other government taxes, assessments and charges shall be included in the various Bid item prices as required by law.** The offer shall remain in effect ninety (90) days after the bid opening. In the event of a discrepancy between a unit price and an extended amount and/or the total price, the unit price will govern and the extended amount and/or total price will be corrected accordingly. However, downward correction of a bid, which would displace the apparent low bidder, will only be permitted if the error made and the intended bid price can be determined solely from the bid documents.

1-10 Postponement of Bid Opening

The City reserves the right to postpone the date and time for the opening of bids by announcing such postponement at any time prior to the date and time announced in these documents.

1-11 Rejection of Bids

A. The City reserves the right to reject any bid for any reason including, but not limited to, the following: any bid which is incomplete, obscure, irregular or lacking necessary detail and specificity; any bid which omits a price on any one or more items on the Bid Form and Bid Schedule; any bid in which prices are unbalanced in the opinion of the City; any bid accompanied by insufficient or irregular bid bond; any bid from bidders who (in the sole judgment of the City) lack the qualifications and/or responsibility necessary to perform the work after considering the elements in Section 1-14.B; any bid for which a bidder fails or neglects to complete and submit any qualifications information within the time specified by the City and as may be otherwise required herein; and, any bid

submitted by a bidder who is not registered or licensed as may be required by the laws of the State of Washington.

- B. The city further reserves the right to reject any portion of any bid and/or to reject all bids. In consideration for the City's review and evaluation of its bid, the bidder waives and releases any claims against the City arising from any rejection of any or all bids.

1-12 Alterations to Documents Prohibited

Any addition, limitation or provision attached to the bid may render it informal or nonresponsive and cause its rejection. Alteration by erasure or interlineations must be explained or noted in the bid form over the signature of the bidder. No oral, telegraphic or telephonic bids or modifications will be considered.

1-13 Disqualification of Bidder

If, in the opinion of the City, there is reason to believe that collusion exists among bidders, none of the bids of the participants in such collusion will be considered. All bidders are required to submit the Affidavit of Non-Collusion (Attachment G) with their bids.

1-14 Evaluation of Bids

It is the intent of City to award a contract to the lowest responsive bid by a responsible bidder as evaluated by the City. The bidder may be required by the City to submit documentation demonstrating compliance with the criteria.

- A. Responsiveness – The bidder must complete all required forms and bid documents and provide all required and requested information. Refusal to provide such information may cause the bid to be rejected. - B. Responsibility – The City will consider all the material submitted by the bidder, and other evidence it may obtain including information from previous project owners, to determine whether the bidder is responsible. The bidder must meet the following bidder responsibility criteria and supplemental bidder responsibility criteria to be considered a responsible bidder:

2. Supplemental Bidder Responsibility Criteria
- a. The bidder shall not have a record of excessive claims filed against the retainage, payment, or performance bonds for public works projects during the previous three years, that demonstrate a lack of effective management by the bidder of making timely and appropriate payments to its subcontractors, suppliers, and workers, unless there are extenuating circumstances acceptable to the City.
 - b. The bidder shall submit a list of projects of similar size and scope to this project and include information about each project, including the following: the owner and contact information for the owner; the awarded contract amount; the final contract amount; a description of the scope of the project and how the project is similar to this project; the bidder's assessment of its performance of each project. The information should include any information regarding performance in the following areas; quality control; safety record; timeliness of performance; use of skilled personnel; management of subcontractors; availability of and use of appropriate equipment; compliance with contract documents; management of submittals process, contract amendments, and close-out.
 - c. The bidder shall furnish acceptable evidence of the bidder's current ability to perform, such as firm commitments by subcontractors, equipment, supplies and facilities, and the bidder's ability to obtain the necessary personnel.

4. If the City determines the bidder does not meet the bidder responsibility criteria in paragraph (B)(1) and (B)(2) above and is therefore not a responsible bidder, the City shall notify the bidder in writing with the reasons for its determination. If the bidder disagrees with this determination, it may appeal the determination within 24 hours of receipt of the City's determination by presenting additional information to the City and meeting the requirements of section 1-20(B). The City will consider the additional information before issuing its final determination. If the final determination affirms that the bidder is not responsible, the City will not execute a contract with any other bidder until two business days after the bidder determined to be not responsible has received the final determination.

C. Lowest Bid – The lowest bid shall be determined as set forth on the Bid Form.

The acceptance of a bid will be evidenced by a Notice of Award. No other act of the City shall constitute acceptance of a bid. Within ten (10) days after receipt of Notice of Award, the bidder whose bid is accepted, shall furnish the required performance bond, certificate of insurance, execute the contract and perform all other acts required by the bid and contract documents as conditions precedent to formation of the contract.

1-15 Procedures When Only One Bid is Received

In the event only a single responsive bid is received, the City reserves the right to conduct a price and/or cost analysis of such bid. Any questions as to the qualification of the banking institution or instruction shall be submitted to the City at least ten (10) days prior to the bid submittal date. The check, bidder's bond or letter of credit shall be attached to the bid form.

The bidder to whom the City has awarded this Contract will remove the Performance/Payment Bond (Exhibit G) attached to the Public Works Contract and deliver it to the City fully executed by the bidder and a surety company in the amount of one hundred percent (100%) of the contract price as security for the faithful performance of the work including the payment of all persons furnishing materials and performing labor on the work and all payments arising from the performance of the work due the State of Washington pursuant to Titles 50 and 51 RCW. If, at any time, the City determines in its sole judgment that the surety company is insufficient, the City may require the Contractor to furnish additional surety in form and arrangement satisfactory to the City and in an amount not exceeding that originally required. The Contractor shall submit a performance bond complying with the requirements of this paragraph within ten (10) days after the award is made. Payments will not be made on the Contract until sufficient surety as required is furnished.

If the decision is appealed, then the subsequent determination of the City Manager or his or her designee shall issue within five (5) days of the City Manager's receipt of the appeal and shall be final and conclusive.

2-1 Administration

This contract will be between the City and the Contractor who will be responsible for delivering all equipment and performing all work and services described herein. The City is not party to defining the division of work between the Contractor and the Contractor's subcontractors, if any, and the specifications have not been written with this intent.

The Contractor represents that it has or will obtain all personnel and equipment required to perform the services hereunder. Such personnel shall not be employees of the City.

The Contractor's performance under this contract will be monitored and reviewed by Gene Greenfield, Street Maintenance Supervisor. Questions by the Contractor regarding interpretation of the terms, provisions and requirements of this contract shall be addressed to Gene Greenfield, Street Maintenance Supervisor, for response.

2-2 Proof of Compliance with Contract

In order that the City may determine whether the Contractor has complied with the requirements of the contract documents, the Contractor shall, at any time when requested, submit to the City properly authenticated documents or other satisfactory proofs as to the Contractor's compliance with such requirements.

2-3 Contract Documents and Precedence

The documents embodying the legally binding obligations between the City and the Contractor for completion of the work consist of the following: The City's Request for Bid, Bid Form, Bid Signature Page, Instructions to Bidders, Bid Bond, 2021 Street Sweeping Services Contract, General Contractual Terms and Conditions, Contractor's Compliance Statement, Combined Affidavit and Certification Form, Technical Specifications, Addenda and Contract Amendments, and the 2021 Street Sweeping Services Special Provisions. The contract documents are intended to be complementary so that what is required by any one of them shall be as binding as if called for by all of them. In the event of any conflicting provisions or requirements within the several parts of the contract documents, the City will

issue an interpretation regarding the controlling provision, which interpretation shall be binding.

2-4 Charges to Contractor

Charges which are the obligation of the Contractor under the terms of the contract shall be paid by the Contractor to the City on demand and may be deducted by the City from any money due or to become due to the Contractor under the contract and may be recovered by the City from the Contractor or its surety.

2-5 Contract Amendments

The City may, at any time, without notice to the sureties, by written order designated or indicated to be a contract amendment, make any change in the specifications within the scope of this contract. Oral orders will not be binding on the City unless confirmed in writing by the City. Except as provided herein, no order, statement, or conduct of the City will be treated as a change hereunder or will entitle the Contractor to an equitable adjustment.

If any change hereunder causes an increase or decrease in the Contractor's cost of, or time required for, the performance or any part of the work under this contract, an equitable adjustment will be made and the contract modified in writing accordingly. However, no claim will be allowed for any costs incurred more than five (5) days before the Contractor gives written notice as required.

If the Contractor intends to assert a claim for an equitable adjustment hereunder, it shall, within five (5) days after receipt of a written contract amendment form from the City or after giving the City the written notice required above, as the case may be, submit to the City a written statement setting forth the general nature and monetary extent of such claim; provided the City, in its sole discretion, may extend such five (5) day submittal period upon request by the Contractor. The Contractor shall supply such supporting documents and analysis for the claims as the City may require to determine if the claims and costs have merit.

No claim by the Contractor for an equitable adjustment hereunder will be allowed if asserted after final payment under this contract.

2-6 Work and Materials Omitted

The Contractor shall, when directed in writing by the City, omit work, services and materials to be furnished under the contract and the value of the omitted work and materials will be deducted from the contract price and the delivery schedule will be reviewed if appropriate. The value of the omitted work, services and materials will be a lump sum or unit price, as mutually agreed upon in writing by the Contractor and the City. If the parties cannot agree on an appropriate deduction, the City reserves the right to issue a unilateral contract amendment adjusting the price and the delivery schedule.

2-7 Washington State Sales Tax

The Contractor shall make payment directly to the State for all applicable Washington State sales taxes and all other governmental taxes, assessments and charges.

2-8 Shipping Charges

All prices shall include freight. Requests for additional compensation for freight charges will be rejected by the City.

2-9 Warranty

All materials and equipment sold and labor performed under this contract are warranted by the Contractor to be free from defects in materials or workmanship for a period of at least one (1) year from date of delivery and installation; provided, however, that this warranty may extend beyond this time period pursuant to any attached warranties. If the merchandise sold or work performed hereunder is defective on account of workmanship or materials, the Contractor agrees to replace the merchandise or, at the City's sole option, repair the defective merchandise. All defects in work or materials shall be promptly corrected.

2-10 No Waiver of Warranties and Contract Rights

Conducting of tests and inspections, review of specifications or plans, payment for goods or services, or acceptance by the City does not constitute a waiver, modification or exclusion of any express or implied warranty or any right under this contract or in law.

2-11 Legal Relations

The Contractor shall comply with all of the City's resolutions and regulations applicable under this contract and with any local, state or federal law or regulation applicable to the materials, equipment or service provided under this contract. Neither the Contractor nor the City shall assign any interest, obligation or benefit under or in this contract or transfer any interest in the same, whether by assignment or novation, without prior written consent of the other party. This contract shall be binding upon and inure to the benefit of the successors of the parties.

2-12 Applicable Law and Forum

Except as hereinafter specifically provided, this contract shall be governed by and construed according to the laws of the State of Washington including, but not limited to, the Uniform Commercial Code, Title 62A RCW. Any suit arising herefrom shall be brought in King County Superior Court, which shall have sole and exclusive jurisdiction and venue.

2-13 Hazardous Chemical Communication

In order to comply with WAC 296-62-054, Hazard Communication, the Contractor shall submit with each shipment a Material Safety Data Sheet (MSDS) for all products containing any toxic products that may be harmful to the end user. The MSDS Sheet is to accompany the toxic product(s) to the specified delivery sites.

Include the following information in the MSDS:

A. Chemical Abstract Service (CAS) numbers for every chemical that is listed in the MSDS.

- B. If the product is actually used diluted, the dilution rate should be so stated in the MSDS and the hazards and corresponding personal protection, etc., also be listed.
- C. A statement as to the intended use of the product.

2-14 Delivery and Liquidated Damages

Time is of the essence of the contract and each and all of its provisions in which performance is a factor. The Contractor will be held to strict compliance with the prescribed date(s) set forth in these contract documents. For each and every day that delivery is delayed beyond the specific date(s), damage will be sustained by the City. Because of the difficulty in computing the actual damages and disadvantages to the City, and as a reasonable forecast of actual damages which the City will suffer by the delay in delivery, the parties agree that for each such delay the Contractor will pay the City liquidated damages (and not as a penalty) in accordance with Section 1.3 of Attachment J, Public Works Contract, to compensate for any damages caused by such delay. The City may deduct from any payment owing to the Contractor, any liquidated damages, which may be incurred by the Contractor pursuant to this paragraph.

2-15 Force Majeure

The Contractor's or City's failure to perform any of its obligations under this contract shall be excused if due to causes beyond the control and without the fault or negligence of the Contractor or City, respectively, including, but not restricted to, acts of God, acts of public enemy, acts of any government, fire, floods, epidemics, and strikes.

2-16 Patents, Copyrights and Rights in Data

Any patentable result or material suitable for copyright arising out of this contract shall be owned by and made available to the City for public use, unless the City shall, in a specific case where it is legally permissible, determine that it is in the public interest that it not be so owned or available.

The Contractor agrees that the ownership of any plans, drawings, designs, specifications, computer programs, technical reports, operating manuals, calculations, notes and other work submitted or which is specified to be delivered under this contract, whether or not complete (referred to in this subsection as "Subject Data"), shall be vested in the City or such other local, state or federal agency, if any, as may be provided by separate contract with the City.

All such Subject Data furnished by the Contractor pursuant to this contract, other than documents exclusively for internal use by the City, shall carry such notations on the front cover or a title page (or in such case of maps, in the same block) as may be requested by the City. The Contractor shall also place their endorsement on all Subject Data furnished by them. All such identification details shall be subject to approval by the City prior to printing.

The Contractor shall ensure that substantially the foregoing paragraphs are included in each subcontract for the work on the project.

2-17 Patents and Royalties

The costs involved in license fees, royalties or in defending claims for any patented invention, article, process or method that may be used in or connected with the work under this contract or with the use of complete work by the City, shall be paid by the Contractor. The Contractor and the Contractor's sureties shall, at their own cost, defend, indemnify and hold the City, together with its officers and employees, harmless against any and all demands made for such fees, royalties or claims brought or made by the holder of any invention or patent. Before final payment is made on the account of this contract, the Contractor shall, if requested by the City, furnish acceptable proof of a proper release of the City, its officers, agents and employees from all such fees or claims.

Should the Contractor, its agent, servants or employees, or any of them be enjoined from furnishing or using any invention, article, material, computer programs or equipment supplied or required to be supplied or used under the contract, the Contractor shall promptly substitute other articles, materials, computer programs or equipment in lieu thereof of equal efficiency, quality, finish, suitability and market value, and satisfactory in all respects to the City.

2-18 Disputes, Claims and Appeals

Questions or claims regarding meaning and intent of the contract or arising from this contract, shall be referred by the Contractor in writing to the Purchasing Coordinator for decision within five (5) days of the date in which the Contractor knows or should know of the question or claim. The Purchasing Coordinator will ordinarily respond to the Contractor in writing with a decision, but absent such written response, the question or claim shall be deemed denied upon the tenth (10th) day following receipt by the Purchasing Coordinator.

In the event the Contractor disagrees with any determination or decision of the Purchasing Coordinator, the Contractor shall, within fifteen (15) days of the date of such determination or decision, appeal the determination or decision in writing to the City Manager. Such written notice or appeal shall include all documents and other information necessary to substantiate the appeal. The City Manager will review the appeal and transmit a decision in writing to the Contractor within thirty (30) days from the date of receipt of the appeal. Failure of the Contractor to appeal the decision or determination of the Purchasing Coordinator within said 15-day period will constitute a waiver of the Contractor's right to thereafter assert any claim resulting from such determination or decision. Appeal to the City Manager shall be a condition precedent to litigation hereunder.

All claims, counterclaims, disputes and other matters in question between the City and the Contractor that are not resolved between the Purchasing Coordinator and the Contractor will be decided in the Superior Court of King County, Washington, which shall have exclusive jurisdiction and venue over all matters in question between the City and the Contractor. This contract shall be interpreted and construed in accordance with the laws of the State of Washington.

Pending final decision of the dispute hereunder, the Contractor shall proceed diligently with the performance of the contract and in accordance with the direction of the Purchasing Coordinator. Failure to comply precisely with the time deadlines under the paragraph as to any claim, shall operate as a release of that claim and a presumption of prejudice to the City.

2-19 Recycled Products

The Contractor shall use recycled paper for proposals and for any printed or photocopied material created pursuant to a contract with the City whenever practicable and use both sides of paper sheets for reports submitted to the City whenever practicable.

In the event this RFB #21-001 covers the sale of product to the City that is capable of containing recycled materials, Contractor is hereby advised that the City intends to procure products with recycled content, pursuant to the recycled content notice delivered with these bid documents. Contractor shall certify the percentage of recycled content and products sold to the City, including a percentage of post-consumer waste that is in the product. This certification is required to be in the form of a label on the product or a statement by the Contractor attached to the bid documents. The certification on multi-component or multi-material products shall verify the percentage and type of post-consumer waste and recycled content by volume contained in the major constituents of the product. The Contractor agrees to grant the City, as a procuring agency, permission to verify the certification of recycled content by review of the bidder's or manufacturer's records as a condition of any bid award, in the event of a bidder's protest, or other challenge to the bid accepted.

13. GENERAL PROVISIONS.

13.1 Interpretation and Modification. This Agreement, together with any attached Exhibits, contains all of the agreements of the Parties with respect to any matter covered or mentioned in this Agreement and no prior statements or agreements, whether oral or written, shall be effective for any purpose. Should any language in any Exhibits to this Agreement conflict with any language in this Agreement, the terms of this Agreement shall prevail. The respective captions of the Sections of this Agreement are inserted for convenience of reference only and shall not be deemed to modify or otherwise affect any of the provisions of this Agreement. Any provision of this Agreement that is declared invalid, inoperative, null and void, or illegal shall in no way affect or invalidate any other provision hereof and such other provisions shall remain in full force and effect. Any act done by either Party prior to the effective date of the Agreement that is consistent with the authority of the Agreement and compliant with the terms of the Agreement, is hereby ratified as having been performed under the Agreement. No provision of this Agreement, including this provision, may be amended, waived, or

modified except by written agreement signed by duly authorized representatives of the Parties.

13.2 Assignment and Beneficiaries. Neither the Contractor nor the City shall have the right to transfer or assign, in whole or in part, any or all of its obligations and rights hereunder without the prior written consent of the other Party. If the non-assigning party gives its consent to any assignment, the terms of this Agreement shall continue in full force and effect and no further assignment shall be made without additional written consent. Subject to the foregoing, the rights and obligations of the Parties shall inure to the benefit of and be binding upon their respective successors in interest, heirs and assigns. This Agreement is made and entered into for the sole protection and benefit of the Parties hereto. No other person or entity shall have any right of action or interest in this Agreement based on any provision set forth herein.

13.3 Compliance with Laws. The Contractor shall comply with and perform the Services in accordance with all applicable federal, state, local, and city laws including, without limitation, all City codes, ordinances, resolutions, regulations, rules, standards and policies, as now existing or hereafter amended, adopted, or made effective. If a violation of the City's Ethics Resolution No. 91-54, as amended, occurs as a result of the formation or performance of this Agreement, this Agreement may be rendered null and void, at the City's option.

13.4 Enforcement. Time is of the essence of this Agreement and each and all of its provisions in which performance is a factor. Adherence to completion dates set forth in the description of the Services is essential to the Contractor's performance of this Agreement. Any notices required to be given by the Parties shall be delivered at the addresses set forth at the beginning of this Agreement. Any notices may be delivered personally to the addressee of the notice or may be deposited in the United States mail, postage prepaid, to the address set forth above. Any notice so posted in the United States mail shall be deemed received three (3) days after the date of mailing. Any remedies provided for under the terms of this Agreement are not intended to be exclusive, but shall be cumulative with all other remedies available to the City at law, in equity or by statute. The failure of the City to insist upon strict performance of any of the covenants and agreements contained in this Agreement, or to exercise any option conferred by this Agreement in one or more instances shall not be construed to be a waiver or relinquishment of those covenants, agreements or options, and the same shall be and remain in full force and effect. Failure or delay of the City to declare any breach or default immediately upon occurrence shall not waive such breach or default. Failure of the City to declare one breach or default does not act as a waiver of the City's right to declare another breach or default. This Agreement shall be made in, governed by, and interpreted in accordance with the laws of the State of Washington. If the Parties are unable to settle any dispute, difference or claim arising from this Agreement, the exclusive means of resolving that dispute, difference, or claim, shall be by filing suit under the venue, rules and jurisdiction of the King County Superior Court, King County, Washington, unless the parties agree in writing to an alternative process. If the King County Superior Court does not have jurisdiction over such a suit, then suit may be filed in any other appropriate court in King County, Washington. Each party consents to the personal jurisdiction of the state and federal courts in King County, Washington and waives any objection that such courts are an inconvenient forum. If either Party brings any claim or lawsuit arising from this Agreement, each Party shall pay all its legal costs and attorney's fees and expenses incurred in defending or bringing such claim or lawsuit, including all appeals, in addition to any other recovery or award provided by law; provided, however, however nothing in this paragraph shall be construed to limit the Parties' rights to indemnification under Section 5 of this Agreement.

13.5 Execution. Each individual executing this Agreement on behalf of the City and Contractor represents and warrants that such individual is duly authorized to execute and deliver this Agreement. This Agreement may be executed in any number of counterparts, each of which shall be deemed an original and with the same effect as if all Parties hereto had signed the same document. All such counterparts shall be construed together and shall constitute one instrument, but in making proof hereof it shall only be necessary to produce one such counterpart. The signature and acknowledgment pages from such counterparts may be assembled together to form a single instrument comprised of all pages of this Agreement and a complete set of all signature and acknowledgment pages. The date upon which the last of all of the Parties have executed a counterpart of this Agreement shall be the “date of mutual execution” hereof.

This obligation is entered into pursuant to the statutes of the State of Washington and the ordinances, regulations, standards and policies of the City, as now existing or hereafter amended or adopted.

The Principal has entered into an Agreement with the City dated _____, 20__ for _____.

NOW, THEREFORE, if the Principal shall perform all the provisions of the Agreement in the manner and within the time period prescribed by the City, or within such extensions of time as may be granted under the Agreement, and shall pay all laborers, mechanics, subcontractors and material men or women, and all persons who shall supply the Principal or subcontractors with provisions and supplies for the carrying on of said work, and shall pay all applicable state sales tax, and shall hold the City, its officials, agents, employees and volunteers harmless from any loss or damage occasioned to any person or property by reason of any carelessness or negligence on the part of the Principal, or any subcontractor in the performance of said work, and shall indemnify and hold the City harmless from any damage or expense by reason of failure of performance as specified in the Agreement within a period of one (1) year after its final acceptance thereof by the City, then and in the event this obligation shall be void; but otherwise, it shall be and remain in full force and effect.

The Surety shall then fulfill its obligations under this bond, according to the option it has elected. Should Surety elect option (a) to cure the default, the penal sum of the Bond shall be reduced in an amount equal to the costs actually incurred by the Surety in curing the default. If the Surety elects option (b), then upon completion of the necessary work, the City shall notify the Surety of its actual costs. During the performance of this contract, the contractor/consultant, for itself, its assignees and successors in interest (hereinafter referred to as the “contractor”) agrees as follows:

1. Compliance with Regulations

The contractor shall comply with the Regulations relative to non-discrimination in federally assisted programs of United States Department of Transportation (USDOT), Title 49, Code of Federal Regulations, part 21, as they may be amended from time to time, (hereinafter referred to as the Regulations), which are herein incorporated by reference and made a part of this contract.

2. Non-discrimination

The contractor, with regard to the work performed by it during the contract, shall not discriminate on the grounds of race, color, sex, or national origin in the selection and retention of sub-contractors, including procurement of materials and leases of equipment. The contractor shall not participate either directly or indirectly in the discrimination prohibited by Section 21.5 of the Regulations, including employment practices when the contract covers a program set forth in Appendix B of the Regulations.

3. Solicitations for Sub-contracts, Including Procurement of Materials and Equipment

In all solicitations either by competitive bidding or negotiations made by the contractor for work to be performed under a sub-contract, including procurement of materials or leases of equipment, each potential sub-contractor or supplier shall be notified by the contractor of the contractor’s obligations under this contract and the Regulations relative to non-discrimination on the grounds of race, color, sex, or national origin.

4. Information and Reports

The contractor shall provide all information and reports required by the Regulations or directives issued pursuant thereto, and shall permit access to its books, records, accounts, other sources of information, and its facilities as may be determined by the contracting agency or the appropriate federal agency to be pertinent to ascertain compliance with such Regulations, orders and instructions. Where any information required of a contractor is in the exclusive possession of another who fails or refuses to furnish this information, the contractor shall so certify to WSDOT or the USDOT as appropriate, and shall set forth what efforts it has made to obtain the information.

5. Sanctions for Non-compliance

In the event of the contractor’s non-compliance with the non-discrimination provisions of this contract, the contracting agency shall impose such contract sanctions as it or the USDOT may determine to be appropriate, including, but not limited to: Withholding of payments to the contractor under the contract until the contractor complies, and/or; Cancellation, termination, or suspension of the contract, in whole or in part

6. Incorporation of Provisions

The contractor shall include the provisions of paragraphs (1) through (5) in every sub-contract, including procurement of materials and leases of equipment, unless exempt by the Regulations, or directives issued pursuant thereto. The contractor shall take such action with respect to any sub-contractor or procurement as the contracting agency or USDOT may direct as a means of enforcing such provisions including sanctions for non-compliance. Provided, however, that in the event a contractor becomes involved in, or is threatened with, litigation with a sub-contractor or supplier as a result of such direction, the contractor may request WSDOT enter into such litigation to protect the interests of the state and, in addition, the contractor may request the USDOT enter into such litigation to protect the interests of the United States.

2.2. Response Times. For all customary maintenance sweeping services, Contractor agrees to respond and perform such services within twenty-four (24) hours from receiving telephone notice from the City to proceed. In the event of an accident, spill or emergency, as determined by the City, Contractor agrees to respond and perform such services 365 days per year, 24 hours/day, within 45 minutes of receiving telephone notice from the City to proceed.

In any emergency, the City reserve its absolute right to hire any street sweeping service provider to perform any amount of work for any length of time at such rate as the City determines to be in the City's best interest during the time of that emergency. However, the City will use its best efforts to utilize Contractor for these emergency services whenever practical.

2.3. Records/Logs. Within seven (7) days of the effective date of this agreement, the Contractor shall submit for the City's approval, a monthly sweeping schedule, together with a planned route outline on maps furnished by the City. Contractor shall designate which holidays it will observe and indicate all schedule modifications if the holiday falls on a regular sweeping day. Should the Contractor need to modify the schedule as submitted, the Contractor shall give not less than seven (7) calendar days written notice to the Director of Public Works of any changes. The Contractor shall maintain accurate records of the Services performed and of the sites utilized for disposal of the street sweeping debris. At a minimum, these records shall show dates and times of transportation and disposal, amount of disposed debris or material, the name and location of the disposal site used, documenting the City of Federal Way as the waste generator.

The Contractor shall provide a report containing the information required in the preceding sentence, every Monday for the preceding week, to Gene Greenfield at Fax # (253) 835-2709 or email: Gene.greenfield@cityoffederalway.com. The forms in this appendix are provided for the Contractor's convenience only, it is the Contractor's responsibility to provide the City with all required information stated in this section. Contractor agrees and covenants to keep at all times accurate and complete records and accounts in writing, including, but not limited to, route books indicating which streets were swept, as dictated by acceptable accounting practices in order to coordinate information with GPS system attached to the Contractor's sweepers. The Contractor shall allow the City, or its duly authorized representative or agent, reasonable and adequate access to all record, data, copies or duplicates without charge. The Contractor shall deliver to the City a written report and map every Monday (for the previous week). The City will not process any payment if the Contractor does not timely and accurately provide these reports and maps. In the event no such written report or map is received by the City, the City's record shall control in any dispute between the Contractor and the City and the Contractor waives and releases it right to prove or allege any facts or other data differing from the City's record.

2.4. Incidental Costs. The Contractor shall be responsible for obtaining and paying for any water used in connection with the Services and all other incidental costs, including, but not limited to, all cost associated with disposal of waste material.

2.5. Employees. All Contractor's employees and agents who participate in the performance of the Services shall be competent and skilled in the performance of such work and Contractor agrees to provide an adequate number of such employees in order to provide

2.6. Equipment. The equipment required for performance of the Agreement shall be street sweepers equipped with regenerative air/broom assist sweepers, and shall have a minimum six (6) yard holding capacity. All equipment shall be maintained in good working condition and repair, operating at the original manufacturer's specifications, equipped with the proper warning lights in accordance with RCW Chapter 46.37 as it applies to slow moving and/or maintenance vehicles, and shall not be more than five (5) years old. The acceptability of Contractor's street sweepers for the City's needs shall be subject to the approval or disapproval of the Director. Double gutter brooms will be required on all sweepers where necessary to properly clean any public right-of-way and vacuum sweepers may be used for leaf and small debris pickup as determined by the Director.

Each of the Contractor sweepers dedicated to the performance of this contract work stated herein shall be equipped with a functioning Global Positioning System (GPS) Mobile unit. The GPS mobile unit shall be capable of tracking the sweepers position, direction, speed, time and status (sweeping or not sweeping) when operating within the City limits in any weather. The GPS data shall be able to be exported as shape files into the city's GIS ESRI™ software. Contractor shall maintain daily electronic files of the said GPS tracking information. Further, the Contractor shall use the GPS electronic files to produce a plotted color map, on a weekly basis, reflecting the Contractor's sweeping activities of the previous week. The said map shall be produced in an electronic format. Hand drawn maps will not be accepted. The plotted map shall be submitted with the Contractor's weekly sweeping list described herein. The Contractor shall retain, for the duration of this contract, copies of all electronic data states herein. The Contractor shall, upon request, provide the City with any electronic files or maps requested.

Sweeping vehicles shall be numbered and shall have the Contractor's name and vehicle number painted in letters of contrasting color at least four inches high on each side and on the back of each vehicle. No advertising shall be permitted other than the name of the Contractor. All vehicles shall be kept in a clean and sanitary condition, and all sweeping vehicles shall be cleaned at least once a week. Repainting of all vehicles shall be done as needed to maintain an acceptable appearance, or within thirty (30) days after the written notification by the Director.

2.7. Cleaning Standard. All streets and intersections shall be swept clean and no piles of debris shall be left anywhere within any streets or public right-of-way. Water shall be used as required by the City to control dust. Extra care shall be taken in the loading and transportation of street sweeping debris and other waste so that none of the collected material is left either on private property or on the street. Any waste left on private property or on streets by the Contractor shall immediately be removed upon notice from the Director.

The Contractor shall be responsible for the cleaning of all debris spilled or tracked on any street, public place, or private property by any of its equipment, and if the Contractor fails to clean the same within the same day that notice is given by the Director, the Director may cause such streets to be cleaned and charge the costs to the Contractor. The City is authorized to deduct such cost from any payments due to the Contractor.

In the event streets are missed during the sweeping cycle defined in this contract, the City may, at its sole option, elect to reduce the next payment owed to the Contractor, OR may elect to require the Contractor to sweep said streets at no extra cost to the City.

Intersections shall be swept clean and the Contractor shall hand sweep areas skipped by the sweeping machines.

2.8. Office. The Contractor shall be required to maintain an office at a location agreed upon by the Contractor and the Director, which shall be provided with telephones and such personnel as may be necessary to take care of complaints, to receive orders for Additional Services or to receive any other instruction. Responsible management or supervisory persons shall be accessible at or through the office so as to assure the required performance under the Agreement. When the office is closed, a telephone recording machine shall be in operation to receive messages.

2.9. Contact Person. Each party agrees to designate a key employee who will be the responsible contact person for that party with respect to implementation of the Agreement and communication of information necessary for the performance of the Agreement. The Contractor's operator shall provide the City daily communication by phone when in town sweeping. The operator will call Gene Greenfield at (253) 835-2727 upon arrival in the City leaving a brief message where the sweeping will occur for the day. The operator will call the same number at the end of the day leaving a brief message as to what work was completed for that day. The City shall have direct communication to the sweeper by cellular phone at all times. In the event the operator is pulled from the daily schedule to perform an "extra sweep" at the request of the City, the Contractor will be notified for billing purposes.

2.10. Utilities. The Contractor shall be obligated to protect all public and private utilities from damage while performing the Services. The Contractor shall be responsible for any and all restoration or replacement costs due to damages resulting from Contractor's activities.

3. Hazardous Substances.

The Contractor recognizes that the debris or material collected by its street sweepers may contain dangerous or hazardous wastes. Contractor agrees to collect, handle, transport and dispose of the debris or material and perform the Services specifically in accordance with all applicable local, state and federal laws, standards, rules and regulations now in effect or hereafter amended or enacted, including without limitation, all regulations by the Washington State Department of Ecology and the United States Environmental Protection Agency. Contractor shall be responsible to obtain and pay for any and all permits or licenses required by the City or any other local, state or federal government authority that are necessary to perform the Services, and provide copies of such to the City. Contractor shall provide a copy of a current Fire Hydrant Water Permit to the City upon execution of the Agreement covering all sweepers engaged in performing the Services. Contractor shall require that all operators of its street sweeping equipment maintain current, valid Washington State Driver's Licenses.

4. Disposal.

The Contractor shall deliver, at its cost, all street sweeping waste to a disposal site approved by and in compliance with the disposal requirements of the Washington State Department of Ecology and any other federal, state or local agency or department with jurisdiction. The Contractor shall at all times advise the City of the disposal site or disposal sites used by the Contractor, and provide copies of all disposal tickets to the City, documenting the City of Federal Way as the waste generator, every Monday for the previous week's sweeping activities. Contractor shall not temporarily store any street sweeping spoils or waste at any site other than a disposal site that has been approved by the Washington State Department of Ecology for that specific purpose.
